German Exchange Programme

Dear Parent,

Following our pledges and ideas to ensure multicultural education and focus on internationalism, Genesis Global School brings again a students' exchange programme on Robotics 'LEtsGONAO', this year with Schloss Neubeuern, Neubeuern in Germany.

Learning from our successful exchanges in the past years to France, Germany, UK and Australia, these programmes have helped in fostering cultural understanding, friendship and brotherhood with children of other countries. In these International Exchange programmes, children came in direct contact with their new friends in other nations. Thus, to give further international exposure to our students the school is again organizing a counter visit to Schloss Neubeuern, Neubeuern in Germany.

Schloss Neubeuern, Neubeuern is a co-educational senior secondary school with high academic levels. International exchanges are encouraged for students from classes V TO XII. The duration of the visit is 2-3 weeks during which, students and teacher escorts stay with their counterparts in their homes and get the true feel of the cultures and traditions of Germany and reciprocate the same as hosts here in their homeland.

Along with the visit to the school we also plan to visit the cultural city of Salzburg in Austria for further cultural exchange. The exchange trip is scheduled in **June 2017**, but necessary preparations have to begin well in advance. The detailed Itinerary for the trip will be provided to you soon.

We request you to help your ward to avail this opportunity as they too like their predecessors return enriched and having made many friends .The approximate expenditure for the trip will be **Rs. 1,50,000**. If you wish your ward to go on this exchange visit, kindly fill up the consent form with the necessary details for our selection process to begin. Kindly submit the filled form to Ms. Mukta Nagpal (German Teacher) latest by **25th October 2016**.

Please allow us to mention that the school will follow its selection criteria for the exchange. Preference would be on the basis of Host student, German learner, Behaviour and academics etc.

Warm regards,

Pramod Sharma
Director - Principal
