Adventure Camp for Grade II

Dear Parent,

As part of the holistic education module at Genesis Global School, we plan to send our learners once each year for various outbound educational adventure camps. These camps expose them to safe adventurous outdoor life and cultural activities to inculcate the right spirit and attitude towards community living by learning to overcome personal challenges and solving problems in unfamiliar situations. This further helps them to understand the valuable skill of teamwork and explore their strengths. These camps are part of the curriculum hence mandatory for all learners to attend.

This year your child is going for a day camp to Farmstead at village Baliyawas, on the Gurgaon-Faridabad Expressway. During this programme, learners will go through various activities of general outbound education which have been listed in the attached itinerary.

Learners and accompanying teachers will leave school on **Saturday, 3rd December, 2016, at 7:15 A.M (kindly drop them by 7:00 am at school) and will be back in school the same evening around 6:00 P.M.** (kindly pick up your child by 6:00 P.M from School). A sum of **Rs. 1550/-** will be charged to your child with the school fees, which covers the cost of transport, all meals, and hire of camp facilities and equipment for adventure activities besides professional support. Please find below the list of things that your child needs to bring along.

The Service Providers, Rocksport adventure capsule (info@rocksport.in, www.rocksport.in) selected by the school are a well-established outfit and have a proven track record of safety and good reliable service. The accompanying teachers and service providers will ensure safety of all students. We would appreciate parents not visiting the camp site and allowing the young minds to learn to be independent and responsible for a day.

Kindly fill up the consent form below and return it to the respective class teacher latest by **Wednesday, 23rd November, 2016.**

Warm regards,

Pramod Sharma
Director - Principal
