Dear Parent,

Another Academic Session is coming to an end. The School has done well and taken its rightful place amongst achieving Schools and our students have made a mark for themselves in every sphere, whether it is Academic, Co-Curricular or Sport. The alumnus of GGS is being admitted to the best Universities globally. That is very heartening!

By pursuing global standards of excellence, we are proud that we are slowly becoming a school of choice for more parents in Delhi NCR.

As we look back, if there is one thing that has stood out in this great achievement for us, is the quality of our teachers and mentors. Their experience, dedication and application have a great influence on the life of every student at Genesis.

As you may be aware, the Government had announced the 7th Pay Commission some time ago. As a responsible School, GGS is also proceeding with its implementation. This will not only allow us to attract the best teaching talent but will also build stability within the teaching fraternity at GGS.

The implementation of the 7th Pay Commission will however, increase the outlay on salaries by a very large amount. While the School has made every effort to minimise its impact, it is however forced to revise the fees for 2017-18, in line with most reputed Schools of the area.

Please find below the revised fee schedule for 2017-18:
