10th April, 2017

Junior School Clubs for Grades III to V

Dear Parent,

With the commencement of the session 2017-2018 the Junior School clubs are allowing students to select their new club. These clubs are for classes 3 to 5 beyond the current co-curricular subjects (Music, Dance, Art, Drama, etc). These clubs will be offered once a week as a double lesson and each child can chose one club for the entire year and learn a new hobby or a language.

All these clubs will be part of the School program hence no extra fees will be charged, only if your child chooses to appear for any external exams for example Trinity - Music or Speech and Communication then you will pay that amount. For clubs like photography, Needle work, etc personal material will be required and that will be carried by the child.

Kindly mark the first and second preference of club for your child and return this form positively by Wednesday, 12th April 2017 to the respective class teachers. Simply write 1st /2nd in the choice space provided next to the club. We will be offering the following clubs:

Club	Choice	Club	Choice
Dance- Indian		Language - French	
Dance Western		Photography	
Language- Spanish		Robotics (only grade 4-5)	
Language- German		Music- Instrumental	
Debating		Home Science	
Western Music- Singing		Pottery	
Art and Painting		Speech and communication- Trinity	

These clubs will be given strictly on first come first basis, maximum limit of the club is 25 students, especially Robotics (Only Grades 4-5), Music, Home Science and Photography.

We hope to make this a great learning experience.

Warm regards,

Neeti Bhalla Saini

Principal Junior School
