### **Fighting Obesity**

Dear Parent,

You are aware that we believe that all children who are in their growing up years must have well balanced nourishing diet. Our meals served in the dining hall have the approval of nutritionists and we totally abstain from junk food and aerated drinks.

Recently we were approached by Channel News Asia which was doing a story on **'Number of obese children in India more than doubles in 25 years'**.

Please find the link to the story below:

<http://www.channelnewsasia.com/news/videos/number-of-obese-children-in-india-more-than-doubles-in-25-years-9118336>

We are happy that our name has been associated as a School which is conscious of the health of children under its charge.

Warm regards,

Pramod Sharma  
School Director
