

Reference No. : 2017 - 18/ DIR/52

8th November, 2017

Dear Parent,

I am sure you are aware and concerned about the high pollution levels in Delhi-NCR. We all need to change the way we live and protect this planet for future generations. However, we want to assure you that we are taking all precautions to keep your child safe while he/she is in School.

The following measures are being taken:

1. School shall remain closed on **9th and 10th November, 2017 for Class Pre-Nursery to Class I.**
2. School shall commence at **8.30 am on 9th and 10th November, 2017 for Class II to Class XII.**
3. School shall close at **12.30 pm on 10th November, 2017** for Class II to Class XII except for MUN student delegates and volunteers.
4. All outdoor activities including sports have been stopped. However, indoor sports activities shall continue.
 - a. Students and teachers can confirm that today the quality of air inside the School was much better than outside. This is mainly due to our Photo Hydro Ionisation system. The PHI technology eliminates or reduces Odours, Air Pollutants, Chemical Odours, Smoke, Mould, Bacteria & Viruses.
5. We have decided that we shall not have the usual Sports Day and instead have Inter-House Athletics Meet. This shall be an internal school programme. The date shall be fixed depending upon the weather conditions.
6. You are advised to take precautionary measures including masks for your ward.

We do understand that as Parents, you may decide to keep your ward at home on days on which extreme weather conditions prevail.

On 9th and 10th November, only revision work shall be done except for Classes IX to XII.

Warm regards,

Pramod Sharma
School Director
