A half-day workshop on how to be  
a better parent

Being a parent of a growing child can  
sometimes be tough. Parents are navigating  
their way through constantly shifting grounds  
when it comes to issues like emotional  
outbursts, sibling rivalry, technology  
consumption. Where do you draw a line?  
When to let them be and when to hover?  
How to parent and when to be the friend?

This edition of Express Masterclass will  
explore and explain some of these challenges  
and facets of parenting. The interactive session  
will focus on the evolving dynamics and  
creative connect between the parent and child.

*This half-day workshop will focus exclusively  
on parents with children in the 6-10 years age  
group.*

Hurry, limited seats available.
