23rd July 2019

Dear Parents,

SUB: VISIT TO NATIONAL SCIENCE CENTRE FOR CBSE GRADES 10, 11, 12 (SCIENCE SECTIONS) ON 1st AUGUST

In our conscious effort to take scholars beyond classroom teaching and expose them to richer and newer experiences, we are organising an educational visit to the **National Science Centre**, Pragati Maidan, to help encourage scientific temperament, inquisitiveness, spirit of enquiry, logical thinking and reasoning, problem solving, and many other skills in a completely informal and fun filled atmosphere.

Scholars shall be witnessing the exhibits displayed at the following galleries:

- 1) Water: The Elixir of Life:** A water Education Facility
- 2) Nuclear Power:** Hands-on exhibits on various aspects of nuclear energy and its many uses- in nuclear power generation as well as non-power applications.
- 3) Human Biology:** Portray of the human body in all its aspects: anatomical, physiological, biochemical, structural, functional and systemic.
- 4) Pre-historic Life:** How did life originate? Where did it evolve? Who were our ancestors? Is there life on other planets? Will man survive etc.?
- 5) Fun Science:** Based on the concept-“**Keep It Simple- Make It Fun**” hands-on exhibits.
- 6) Information Revolution:** Showcases the earliest and the latest forms of communication and their impact on society
- 7) Emerging Technologies:** A Look into the future

In order to make this visit more worthwhile and meaningful, we have integrated it with the **Science subject enrichment activity for Grade 10** based on the exhibits witnessed by them. Science teachers will be accompanying them to explain the concepts. Attendance, therefore, is absolutely mandatory.

Programme:-

Date: 30th July, 2019 Tuesday

Departure from school: 9.00 am.
