

Day 1-October 23, 2021					
TIME		NAME	TOPICS/LINK	SESSION COURSE OVERVIEW	BIOGRAPHY
12.30 pm		Ms. Pratibha Srivastava	Teaching tools for online environment: middle and senior school https://bit.ly/3gqEwdM	This session aims to familiarize educators with some of the online teaching tools which can help to make teaching more effective, learning more interesting and engaging in the online environment. These tools help to bring variety to the classroom. They can be used for collaboration, differentiated teaching and formative assessment.	Pratibha Srivastav:Ms Pratibha Srivastava is CAS Coordinator and IBDP Biology facilitator in Genesis Global School. She is an enthusiastic person with 17+ years of experience as a Biology facilitator in diverse curricula like CBSE, CAIE and IB and has worked in renowned schools. Besides her Masters and B.Ed degrees ,she has also completed her PG Diploma in industrial relations and personnel management (PGDIRPM) from Bhartiya Vidya Bhawan , Mumbai. She is a yoga enthusiast and has also completed her teacher training course in yoga. She is passionate about teaching and always try to learn and incorporate new teaching methodologies to cater to the needs of various types of learners. In her free time, she likes to listen to music, reading books on self-development, gardening and cooking. She has her own you tube cooking channel.
		Ms. Bhawna Khanna			Bhawna Khanna: Service as action Coordinator, IBDP Psychology facilitator, DP Psychology examiner, CIE examiner and Microsoft educator. She has 10+ years of experience in teaching in IB and IGCSE curriculum in renowned schools. She has completed her Masters in psychology from Panjab University, Chandigarh, and B.Ed. from D.Y Patil University, Mumbai. She is currently pursuing Global Career Counsellor program, Univariety in collaboration with UCLA Extension. To keep abreast with the requirements of IB program, she has completed various workshops offered by IB professional development. In her free time, she loves to maintain her mini garden and travelling to offbeat locations.
14.00 pm		Ms. Jaya Modi	Power of provocation in teaching and learning: PYP https://bit.ly/3B3wSof	The use of powerful provocations at different times in the inquiry encourages student engagement and deep thinking. Whether it initiates an inquiry or shifts the gears of learning, when fuelled with careful consideration and purposeful intentions, a 'provocation' can ignite effective learning.	Ms Jaya Modi: Ms. Jaya Modi is a passionate educator who believes that every child is unique and has their own learning journey. Ms. Jaya is an alumnus of Welham Girls school, Dehradun. She holds her B-Com degree from Sydenham College, Mumbai and MBA from International Management Institute in Delhi. In pursuit of her passion and career in the field of education she has qualified herself with Bachelor of Education (B.Ed) from Amity University, a specialised Diploma in in Early Childhood Development & Education from New York University-US, and a Post Graduate Diploma from SNTD Delhi, for Teaching Children with Special Educational Needs. Along with this she has attended workshops and completed courses from Reggio Emilia – an Early Years Philosophy focussing on the Hundred Languages of Children and Harvard Project Zero and the IB workshop in Leadership. She has been an Educator for 18 years starting as an entrepreneur and running her own Pre-school- Gymboree Play and Music in New Delhi for several years after which she was the Principal at pathways Early Years in Gurgaon and Greater Kailash. She is the Deputy Head of the Primary School at Genesis Global School for the last year and has been working in collaboration with the team on curriculum development.
		Ms. Era Dogra			Era Dogra: I am an experienced educator and have worked with both CBSE(national) and IB(international) curriculums. I am the Emotional learning program coordinator and am responsible for development and implementation of a robust SEL curriculum in the primary years. I am a Microsoft innovative educator, Flipgrid student voice ambassador and Adobe creative educator as well. This is my 5th year in PYP as grade 5 homeroom mentor and it has been an exhilarating journey. I am a LAMDA certified educator and am striving to empower teachers to embed drama and performance skills within their teaching learning practices.
15.30 pm		Ms. Smita Chandra	Meeting the challenges of the 21st-Century online learner: MYP/DP https://bit.ly/3mqNuvq	In this workshop - Meeting the challenges of the 21st-century online learners, educators will be analysing the problems they face in the online mode of teaching and how they can combat these challenges through different strategies. Educators will be given an opportunity to understand the importance of strategies using online tools and the 21st-century pedagogy while leading to Inquiry based learning even in the online mode. They will unpack the Inquiry cycle – its planning process. This includes the various stages of the Inquiry-cycle addressing the 4C's as well as the Active Learning Strategies making them capable enough to design one Inquiry-based lesson at the end of the workshop.	Smita Chandra: Ms Smita is a passionate educator who strongly believes in Inquiry-Based Learning and holds a total experience of 14 years of full-time teaching including CBSE, Cambridge GCE O and N Level, and IB curriculum. She is currently the Head of Department for Individual and Societies – MYP & DP curriculum in Genesis Global School and works for quality education and excellence. She holds more than 4 years of IB teaching experience including the MYP and DP curriculum. She is currently an IB examiner for History and Assistant Examiner for Cambridge A and AS Level History. In past, she has worked in Singapore as General Education Officer under the Ministry of Education for nearly 4 years. She received an Excellence Service Award (EXSA Star Award) in 2014 under MOE. She is certified with high distinction in communication and performance from LAMDA/ London school of music and dramatic art. She served as Microsoft Innovative Educator Expert from 2015 to 2019 and strongly believes in inculcating 21st century teachings skills with technology and innovations in education
		Ms Kirti			Kirit Lohani: Ms Kirti Lohani is an IBMYP Integrated Humanities educator, e-assessment author and an examiner. She has 7+ years of experience in teaching. Kirti is also a Google Educator, Penpal School global ambassador and Ed Tech integrationist. Kirti has completed her B.Ed and Masters in Geography from the University of Delhi and is currently pursuing her second masters in Political Science . In her free time, she loves to try new EdTech tools, read classical fictional novels and travel to offbeat places. Her email id : kirtil@genesigs.edu.in

Day 2-October 24, 2021				
11:00 AM		Mr. Rajeev Pargaian	With a planned CORE, all that glitter is GOLD: DP https://bit.ly/3B86VNp	<p>This session is for DPCs, DP teachers or CORE coordinators who are involved in CORE planning and execution, act as EE or TOK advisors or even as CAS advisor or supervisors. Often CORE is planned and left to the team of coordinators/ advisors and it actually gets left behind while the focus is on academics. And the value CORE adds to the final learning/ skills/ result of a candidate remains largely underestimated or untapped. To deepen the understanding of the CORE, the session will look into the continuum for equivalent elements, how they are built up to become the CORE in DP. Similar elements in other curricula, though named differently, show its importance and value. Universities are also now moving to value the learning progress rather than exam result, so these elements are going to play a key role. Session focuses on sharing of good practices, success stories and enhances the understanding that as DP teachers and specially as DPCs, we should keep a tab on the overall progress of the CORE throughout the 2 years of DP to have a wonderful outcome at the end. CORE is actually a learning strategy that gives a skill set required in every learning process and individual growth as a person's life vision is developed through such questioning.</p> <p>Rajeev Pargaian: My name is Rajeev Pargaian and I am Diploma Program Coordinator at Genesis Global School, Noida, India. I love working with adults and children. I have around 18 years of experience both in teaching and in leadership positions. I enjoy using my experience to contribute to the development of professional skills in both teachers and students. I graduated from Kumoun University Nainial in 1995 and completed my masters in Math from the same University.</p> <p>I started my teaching career as a Math and Computer Science teacher in 2002. I am obsessed with technology and using gadgets and software while teaching math in classrooms is my passion.</p> <p>As a DPC, I am all involved in planning and successful execution of different strategies for the DP. Exploring IB resources and sharing of learning with colleagues and students is amazing. Recently I did one such session virtually on the topic "The Role of a DP Coordinator", which attracted collaborators from across the world and the shared experiences and ideas made it quite enriching for everyone.</p> <p>I strongly believe that CORE is very important for overall development of 21st century skills in a child. It not only helps in achieving 3 extra grade points but also shapes the personality of a student forever making him a real critical thinker who examines a claim made, an informed researcher who respects intellectual property rights and a caring young mind who reflects on different ways he can give back to the society and works for its wellbeing. Neglecting CORE, can be detrimental both for the student and for the school.</p>
12.30 pm		Ms. Moumita Sanyal	Changing mindset through service https://bit.ly/3keT01r	<p>Moumita Sanyal : Moumita Sanyal teaches IB MYP at Genesis Global School (GGS) Noida and holds the position of MYP Service Coordinator. She is trained through the category 3 IB workshop on "Developing a service continuum in IB school" and has undergone numerous trainings related to implementing service-learning in schools. She is also trained in the category 3 IB workshop on "Leading for effective teaching and learning".</p> <p>Apart from being the service coordinator, she is also an experience Integrated Science and Biology teacher with the rich experience of teaching Middle years programme in a variety of international curricula; Ms Moumita is one of the true believers and promoters of IB education, considering it an excellent curriculum providing students with the education required for having a bright future. As a life-long learner, she has always been using any opportunity for her learning. She has been transferring her knowledge to other colleagues believing that learning happens in collaboration and continuous perspectives and practices.</p>
		Ms. Naina Manchanda		<p>This session is for those enthusiastic educators who believe that small changes can lead to significant transformation. The session focuses on how "small actions in daily life lead to a big change in the mindset." Educators will be exploring perspectives on promoting international-mindedness and intercultural understanding, keeping the idea of service in mind. It will be a platform to share different exemplars to think globally and act locally, followed by a discussion on local, sustainable projects which serve as an opportunity to develop ATL skills in students.</p> <p>Naina Manchanda: Naina Manchanda heads the Language and Literature department at Genesis Global School. She is an IB and Cambridge English Language and Literature facilitator for middle and senior school. She also takes a keen interest in developing the art of debating amongst the students. She is also a part of the school's team of advisors for Service as Action. Her teaching philosophy is centered around making learners internationally competent and informed global citizens of the world. She believes in an experiential approach to bring about authentic social change through community collaboration and development</p>
14.00 pm		Ms. Shikha Sehgal	International Mindedness through Global Context https://bit.ly/3jgfTm1	<p>Shikha Sehgal: Ms. Shikha Sehgal has over 12 years of experience as a Master Trainer in Counselling and Guidance. She has completed her Master Degree in Psychology from Delhi University and an Advance Diploma in Child Guidance and Counselling from NIPCCD. She has a forte in conducting assessments, interventions, play therapy, career counselling and guidance with children and their families. She enjoys training teachers and parents on various aspects related to children and parenting. Her motto in life is her believe that " Every human is unique and special with bundles of talent buried inside them". As a curious and a reflective learner, she is always on a journey of self-discovery that is the reason she connect with IB curriculum with her heart and soul.</p> <p>Her email id shikhas@genesigs.edu.in</p>
		Ms. Sangita Pal		<p>This session is aimed to familiarise and dwell into the deep valley of International mindedness. We would explore the ways and strategies that can be used to equip each learner to have a clarity and holistic understanding about how the concept and components of international mindedness is embedded in global context. The session will highlight the nature of International Mindedness that comes in through the Global contexts and GRASPS model assessments being used as tools.</p> <p>Sangita Pal: I am Sangita Pal, I have been teaching MYP for 4 years with an overall teaching experience of 19 years. Throughout the period, I have been involved in multiple curriculums. I have worked in different countries such as Bangladesh, China and many more International Schools of India. I am a Chemistry and Science facilitator in Genesis and working in the capacity of MYP Associate Coordinator. I have attended multiple IB PD courses and have hosted a webinar on the best teaching practices in MYP Sciences in 2020.</p>

15.30 pm		Ms. Hema Chadha	Play in early years and classroom strategies: PYP https://bit.ly/387KifO	Play is the highest form of research” by Albert Einstein. This session will enrich you about the magical ‘world of play’. In this session we will explore how children use their creativity while developing their imagination, cognitive and emotional strength and how they interact with the world around them. It will further take you to different types of play and what the role of the facilitator is.	Hema Chadha: An incisive professional and a dynamic educator with a compassionate and sincere approach to imparting knowledge to children. Graduated in political science (Hons) from Delhi University, done Nursery Teacher Training and holds 17 years of total experience in Teaching. Have a great passion for mentoring and assisting fellow teachers locally and globally and sharing my knowledge and experience with them. Currently associated with Genesis Global School as a PYP teacher
		Ms. Kavita Guglani;			Kavita Guglani: I as an educator found my true passion in early year’s education. I believe that each child is unique and born curious and to keep that curiosity alive one must provide stimulating environment which plays a key role in enhancing the growth of children. I am an early year’s teacher with more than 16 years of experience, have been a mentor of grades pre-nursery and Kindergarten. I have done my teacher training course from MMI. I love to share and collaborate with other members of the community. I am a Kindergarten coordinator for three years and currently working as a Kindergarten teacher and a grade level coordinator in Genesis Global School.
Day 3-October 30, 2021					
11:00 AM		Mr. Manish Srivastava	MYP Personal Project- Unpacking the New Assessment Criteria https://bit.ly/384aY15	This workshop is aimed at familiarising the new supervisors and the coordinators with the changes in the assessment criteria of the personal project for the academic session 2021-23 and how to implement it with the new MYP Cohort. The workshop will provide a platform for the participants to understand and practice the use of the new assessment criteria through discussions and activity based learning.	Manish Srivastava: My name is Manish Srivastava, I am currently working with Genesis Global School Noida as MYP Personal Project Coordinator, DP Physics & TOK Teacher. I have completed 22 years of my teaching career in various curriculums including 8 years of international and national teaching experience in the International Baccalaureate, MYP/DP Programme. I have been certified for many workshops conducted by International Baccalaureate and Cambridge Assessment center which includes DP Administrator, DP Physics, MYP Personal Projects, IGCSE Physics Marking, Investigating Inquiry, Leading for effective teaching and learning. I have always been a part of the Pedagogical team in different schools I have worked with and conducted sessions on classroom management, lesson planning, MYP Personal Project Assessment Criteria. I am passionate educator who believes in student centered education that can transform them as a lifelong learner.
12.30 pm		Ms. Shweta Gupta	Literature and the Sustainable developments goals. MYP https://bit.ly/3mrXCEe	The session is targeting primarily language and literature teachers and will give the participants an opportunity to engage in a series of texts and activities that can aid in sensitizing their students to some of the issues that taint the world. The interactive session will compel the participants to voice their opinions and share perspectives on several concerns and thus take a step towards creating a more harmonious and peaceful world.	Shweta Gupta: Shweta Gupta is an IB and Cambridge English Language and Literature educator in Genesis Global School. Her six years of teaching experience includes exploring three different curriculums, in a residential as well as day-boarding set up. She believes in the importance of making her learners compassionate individuals that encompass the ideals of a global citizen. Practicing experiential learning, she encourages her students to express their minds while being respectful to conflicting opinions. The opportunity to shape the future of the world, is what remains the most overwhelming yet appealing aspect of teaching for her.
		Ms. Ambeeca Vinayak Singh			Ambeeca Singh: Ambeeca Vinayak Singh is an IB and Cambridge English Language and Literature Facilitator at Genesis Global School. She is a firm believer and follower of learner centric approach. According to her, building confidence and nurturing in learners the love for reading, is the key to progress. Having trodden the path of corporates, she finds teaching the most challenging yet the most fulfilling career choice
		Ms. Kirti Lohani		This session aims to provide MYP educators some edtech tools	Smita Chandra: Ms Smita is a passionate educator who strongly believes in Inquiry-Based Learning and holds a total experience of 14 years of full-time teaching including CBSE, Cambridge GCE O and N Level, and IB curriculum. She is currently the Head of Department for Individual and Societies – MYP & DP curriculum in Genesis Global School and works for quality education and excellence. She holds more than 4 years of IB teaching experience including the MYP and DP curriculum. She is currently an IB examiner for History and Assistant Examiner for Cambridge A and AS Level History. In past, she has worked in Singapore as General Education Officer under the Ministry of Education for nearly 4 years. She received an Excellence Service Award (EXSA Star Award) in 2014 under MOE. She is certified with high distinction in communication and performance from LAMDA/ London school of music and dramatic art. She served as Microsoft Innovative Educator Expert from 2015 to 2019 and strongly believes in inculcating 21st century teachings skills with technology and innovations in education.

14.00 pm		Ms. Smita Chandra	Technology Integration in MYP https://bit.ly/3sSQe65	to make their classrooms more interactive and student-led. These tools will help educators to design assessments that provide scopes for differentiation, collaboration and communication.	Kirit Lohani: Ms Kirti Lohani is an IBMYP Integrated Humanities educator, e-assessment author and an examiner. She has 7+ years of experience in teaching. Kirti is also a Google Educator, Penpal School global ambassador and Ed Tech integrationist. Kirti has completed her B.Ed and Masters in Geography from the University of Delhi and is currently pursuing her second masters in Political Science . In her free time, she loves to try new EdTech tools, read classical fictional novels and travel to offbeat places. Her email id : kirtil@genesisgs.edu.in
15.30 pm		Ms. Jasleen Sethi	Classroom Mangement Skills https://bit.ly/3862TbZ	This session targets classroom management skills for Middle and Senior School educators as strategies to make teaching-learning an enjoyable yet very effective process for the students and the teachers alike. Students' engagement in the learning process increases their attention and focus, motivates them to practice higher-level critical thinking skills, and promotes meaningful learning experiences.	Jasleen Sethi : Dr. Jasleen Sethi is an innovative and enthusiastic educator and considers herself as a lifelong learner. She is passionate about developing learners into successful, happy and responsible citizens. Over the past 15 years she has grown from an Economics teacher to a teacher trainer. She has taught at all levels of MYP, IGCSE and DP. She moved into school administration role while working at Genesis Global School. She holds a degree in B.A., M.A. M.Phil and Ph. D. in Economics. She is one of the true believers and promoters of IB education considering it an excellent curriculum providing students with the education required for having a bright future. With her sessions and workshops, she has been a true contributor to the IB educator world for more than 5 years. Dr. Sethi enjoys travelling, meeting new people and spending time with young and inquisitive minds.
		Ms. Leenu			Leenu:As an experienced teacher in Computer Science, Ms. Singh has over 15 years of teaching and leadership role experience in different International Colleges and Schools. Currently working at Genesis Global School as an IGCSE and IB Computer Science, Design and ICT Educator, MYP Associate Coordinator and Round Square Coordinator, Ms. Singh has a varied and rich experience which she happily shares with the IB Community. As a life long learner, she has always been working to enhance her teaching standards believing that learning is an enjoyable journey and an important life skill.
